.PL Open Day

The second edition of the .PL Open Day event was held at NASK.

On 5 December 2017 the second edition of the .PL Open Day event was held, this time it was organized for potential NASK's Partners.

The .pl registry was visited by representatives of companies interested in joining the Partner Programme. We had an opportunity to provide our guests, among others, with terms and conditions of the Partner Programme, .pl marketing strategy as well as advice on offering .pl domain names.

A very important point on the agenda was also the '(N)ASK us' zone where participants could ask questions to the employees of the Domain Department and other NASK experts.

Due to a great interest in this event, further meetings of this kind are planned in the coming months.
