Over 2.585 million .pl domain names. The first increase for more than two years

At the end of September 2 585 609 active domain names were being maintained in the .pl registry.

It is the first time the number of domain names has increased since the second quarter of 2016. The number of renewed .pl domain names increased again with the renewal rate reaching a high level of 65.05%. In the third quarter .pl domain names were being maintained for over 1.06 million registrants.

As compared to the previous quarter the number of registrants grew by over 14 thousand.
